Totals:	\$60,350	\$60,000	Your Cash Expenses Total and your Cash Income Total should match. We want to see how you plan to get to your goal. The Cash Income \$ Raised to Date for

If your Cash Income Totals (\$60,350) did not equal your Cash Expenses Totals (\$60,350 above) the Cash Income Total would be in RED. They are green here just to make it easier to see which totals we are referring to. The Raised to Date Total does not need to match any number, it's just to show your progress, and how much more you will need to raise.
